

Consultant Listing

In California, anyone who performs lead evaluations must be certified by the California Department of Public Health. The State certifies individuals, not companies. For a listing of state certified professionals:

<https://www.cdph.ca.gov/Programs/CCDPHP/DEODC/CLPPB/Pages/LRCcertlist.aspx>

For information about lead testing:

https://www.cdph.ca.gov/Programs/CCDPHP/DEODC/CLPPB/Pages/home_test.aspx

The Alameda County Healthy Homes Department surveyed environmental consultants to identify those who were interested in doing lead testing for homeowners and small property owners and provides this list for information purposes. Please exercise due diligence to confirm qualifications and certifications of individuals or firms before hiring any lead professional. Alameda County does not make recommendations or referrals and assumes no responsibility for any damage resulting from the use of this information.
